

Smart Growth Alliance

BUILD IT WHERE IT BELONGS

Two fast food drive-throughs and a childcare centre are proposed on **Bells Line of Road, Kurmond** — on rural land set aside for farming. **We object to DA0060/26.**

WE ARE NOT ANTI-DEVELOPMENT

We are for development in the right places, at the right scale. There are better-suited places for fast food drive-throughs than a site with no reticulated water or sewer.

PROTECT OUR CHILDREN

1,000 students at Colo High. No crossing, no footpath — on an 80 km/h crest.

SAVE OUR WILDLIFE

Endangered koalas that cannot be relocated — and endangered gang-gang cockatoos.

KEEP ROADS SAFE

466 crashes on this corridor from 2006–2010: nine fatal, 13 lives lost.

RESPECT OUR CHARACTER

Farmland and valley views, not flood-lit car parks on a site with no services.

THE COURT IS COMING TO THE SITE

A court-appointed commissioner will assess the site and review the application at **9:30am on Wednesday 9 September 2026**. We are asking for a formal, independent, in-depth assessment — the current application is self-assessed. Council is still accepting objections.
